LAST CALL FOR VACCINES AT MADISON MEDICAL

After seeing a significant decline in demand for COVID vaccines, the MMA COVID Leadership Team has decided that Friday, April 23rd & Monday, April 26th will be the last day for 1st doses at our Jefferson office. If anyone, employees or patients, are interested in being vaccinated at MMA, please sign up for an appointment ASAP. We will continue to conduct our 2nd Dose clinics for anyone that has received a 1st Dose with us.

Thank you to everyone who has helped make our COVID Vaccine Clinic a HUGE success. This is not the final chapter of the book as we know there are still those out there who need to be vaccinated and we consider booster shots in the future. We have a lot to be proud of as an organization as we have made a positive contribution thus far to the largest mass vaccination campaign of our lifetimes.

MMA RESTRUCTURING / A MESSAGE FROM AMANDA SCHULTZ, DIRECTOR OF CLINIC OPERATIONS:

The leadership team has been evaluating the current MMA structure. With the current open positions, we felt it was time to make sure we had a structure in place that gives our frontline staff, and providers the support and leadership presence they need. We are very excited about the alignment as we feel this will bring support future initiatives and growth of MMA.
