## Cleaning

---

### How are offices cleaned?

April 8, 2021

Campus Facilities | Classrooms and Offices | Cleaning | Employees | On-Site Employees

Offices are cleaned per the schedule that was in place before the pandemic. Main department offices are cleaned weekly, and all individual offices once per month. Faculty and staff are asked to help by sanitizing and cleaning their own workspaces... [Read More](#)

### What cleaning is done in student housing?

March 19, 2021

Campus Facilities | Campus Housing and Dining | Cleaning | Students

University Housing cleaning protocols include: High-touch areas in University Housing residence halls will be disinfected three times per day. These areas include elevator buttons, exit doors, and exterior door handles. Furniture in common areas will be moved 6 feet apart... [Read More](#)

### What areas are University Housing residents expected to clean?

**March 19, 2021**

Campus Facilities | Campus Housing and Dining | Cleaning | Students

Students living in UWM residence halls are expected to clean their own bedroom, suite/apartment and bathroom. They also are expected to clean their own kitchen if they have one in their suite or apartment.

## **Does UWM provide personal protective equipment (PPE)? If so, how do I get it?**

**February 2, 2021**

Campus Facilities | Cleaning | Employee Health | Employees | On-Site Employees

Yes. The university is purchasing personal protective equipment at a central level that is distributed to any campus department that needs it for essential operations. This program is intended to supplement regular procurement by campus departments by serving as a... [Read More](#)

## **Does UWM provide cleaning supplies? If so, how do I get them?**

**February 2, 2021**

Campus Facilities | Cleaning | Employees | On-Site Employees

Yes, cleaning supplies are being purchased at a central level and will be distributed to any campus department that needs them for essential operations. This program is intended to supplement regular procurement by campus departments by serving as a reserve... [Read More](#)

## **How are classrooms cleaned?**

**November 6, 2020**

Campus Facilities | Classrooms and Offices | Cleaning

All classrooms and lecture halls are cleaned and disinfected a minimum of twice per day, Monday to Friday. The first cleaning and disinfecting will be completed before 7 a.m. Classrooms and lecture halls will be stocked with cleaning supplies to... [Read More](#)

## **Will offices have plexiglass partitions?**

**August 31, 2020**

Campus Facilities | Classrooms and Offices | Cleaning

Plexiglass barriers have been installed for areas where face-to-face interactions regularly take place, including reception/check-in desks, transactional locations, cash register locations and service counters. In most cases, building staff have planned for plexiglass installations, though specific requests may be sent... [Read More](#)

## What kind of cleaning will be done in elevators?

July 30, 2020

Campus Facilities | Classrooms and Offices | Cleaning

UWM Environmental Services staff will focus on cleaning elevator buttons and other high-touch areas like doorknobs and railings in campus buildings and University Housing. Environmental Services staffers will do their best to clean elevators regularly during the day. We will... [Read More](#)

## How often are food service areas cleaned?

May 20, 2020

Campus Facilities | Campus Housing and Dining | Cleaning | Students

Food service units are cleaned daily when in operation. Food service employees clean equipment, and custodial staff clean and scrub floors. Products used for disinfecting surfaces and floors are “hospital grade” and EPA approved.
