News You Can Use!

Patient raises

"Cindy is always very easy to reach, has time to listen, is easy to talk to a pleasure to deal with!" (Dr. Volberding's office)

"Dr. Slocum's assistant Nicole always takes care of me. She is excellent. Everyone in the office knows my name. Quite a switch from most medical practices."

"From Tina scheduling to Dr. Jones and Ashley --- they are the best EVER! I love how they treat you like they've known you forever. I feel so good after each time I talk with them."

"Willie was so helpful in assisting me with extensive reimbursement paperwork, staying past 6 p.m. to make sure I received the info the same day & noted questions I had." (Dr. Connolly's office)

"Outstanding personal contact with Dr. Gee, Abbie, Cheryl and Thea." (Dr. Gee's office)

"We love Dr. O., and she has a new medical secretary, Tracey, who went above and beyond on the last visit when she made follow up appointments with other providers." (Dr. Oosterbaan's office)

"As a first-time patient, the doctor and staff were very welcoming, friendly, and informative. I am very happy I decided to see Dr. Shafrin, and I look forward to future appointments at his office."

COVID-19 Vaccine Clinic

Back in November of 2020, Madison Medical Affiliates began the process of signing up to be a COVID-19 vaccination site through the state of Wisconsin. There were many boxes that needed to be checked before the state would approve our application and we successfully completed all of them. On December 23rd, we received our first shipment of 300 vaccines. With that shipment, we were able to vaccinate our employees, our providers, and may first responders in our community. Through a partnership with the Milwaukee County Office of Emergency Management, we vaccinated numerous EMS personnel. Robert Whitaker, Fire/EMS Chief for the North Shore Fire/Rescue Department, had this to say in response to our efforts:

"On behalf of the North Shore Fire Department, I wanted to thank you and everyone at Madison Medical for allowing our staff to be vaccinated at your clinics. The process has been seamless and allowing our people access to the vaccine has reassured our providers that they can be protected."

Continuing our mission to serve the community, we received a shipment of 300 additional vaccines. Through a partnership with the Wisconsin Dental Association and the Wisconsin Chapter of the American Physical Therapy Association, we were able to vaccinate several frontline healthcare personnel who otherwise would not have had access to the vaccine. As we pivot to vaccinating our patients ages 65 and up in the coming weeks, it is critical that we continue to do our part to rid ourselves of this awful virus. Thank you to everyone who has made our COVID-19 Vaccination Clinic a huge success!
